DETAILED ACTION

Oath/Declaration

1. Oath and declaration filed on 2/6/2001, which papers have been placed of record in the file.

Specification

2. Page 12, line 3, step 166, not shown in figure 8.

Election/Restrictions

3. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1 –3, 9, 10 are drawn to a Calibration artifact, classified in class 356, subclass 243.1.
 - II. Claims 4 – 8, 11 are drawn to a method for calibration, classified in class 356, subclass 394.

The inventions are distinct, each from the other because of the following reasons:

4. Inventions I and II are related as product and process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of

Art Unit: 2873

using that product (MPEP § 806.05(h)). In the instant case product can be used in a materially different process such as an optical alignment system (e.g., for alignment of mark on substrate).

5. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

6. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is proper.

7. A telephone call was made to Kirk Teska on July 9, 2002 to request an oral election to the above restriction requirement, but did not result in an election being made.

8. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

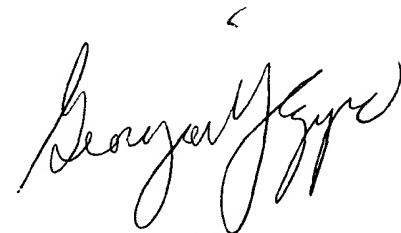

Conclusion

9. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mohammed Hasan whose telephone number is (703) 306-0089. The examiner can normally be reached on M-TH, 7:00 AM to 5:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Georgia Epps can be reached on (703) 308-4883.
